*Early access to direct deposit funds depends on the timing of the submission of the payment file from the payer. We generally make these funds available on the day the payment file is received, which may be up to 2 days earlier than the scheduled payment date.

**For any customer who selects Round Up as a way to save, Roger automatically rounds up debit card purchases to the nearest dollar and transfers that amount from your spending account into your savings account and goal. For the first 90 days after account opening, Roger will match 100% of round-ups, up to \$100.00 and deposit it into your savings the first business day following 90

days after account opening. After 90 days, Roger will match 15% of round-ups, up to \$20.00 per month, which is deposited in your savings account on the first business day of the following month. If you turn off Round Up as a way to save, you will no longer receive Round-Up Match funds. The match credit is tax reportable, but should not be reported as interest.
